

Commissioners' Report:
Reclassification of Benefits

JOINT DRAINAGE DISTRICT NO. 1

STORY & MARSHALL COUNTIES

IOWA

2016
Project No. 13-16319

**COMMISSIONERS' REPORT
RECLASSIFICATION OF BENEFITS
JOINT DRAINAGE DISTRICT NO. 1
STORY and MARSHALL COUNTIES, IOWA
2016**

We, Dave Anderson, Allen Burt, and Kent L. Rode, P.E., having previously filed oath, depose and say that we are the commissioners duly appointed to reclassify lands within the boundaries of Joint Drainage District No. 1, Story and Marshall Counties, Iowa.

Pursuant to said appointment, we have examined the Drainage District's records, as recorded by the Story and Marshall County Auditors, to establish the original intended assessment boundary of this District. Any lands previously not recorded within the boundary of this District, but have been found to be receiving benefits from the facilities of this District, were annexed into the District. We have examined each quarter-quarter section or smaller tract of land in the field and have classified each of these parcels. The percentage of benefit each parcel derives from the District's drainage tile facilities has been determined. There is a Combined Schedule, Main Open Ditch, Main Tile and a Branch D Open Ditch schedule as well as five (5) Branch Tile schedules and nine (9) Lateral Tile schedules. All of the District's facilities were originally paid for with one assessment schedule prior to this reclassification.

The **Combined** schedule apportions the cost of the recent Main Open Ditch Repairs and Main Tile Improvements to the lands in the district according to the relative percentages of benefit they derive. This schedule is intended to provide a basis upon which to spread levies required to cover the cost of the Main Open Ditch Repairs and Main Tile Improvements. The total project cost was utilized as the dollar amount of the schedule.

For the **Main Open Ditch, Main Tile and Branch D Open Ditch** schedules, we have apportioned an assumed dollar amount to the lands in the district according to the relative percentages of benefit they derive. This schedule is intended to provide a basis upon which to spread levies required to cover future costs incurred by the District for the Main Open Ditch, Main Tile and Branch D Open Ditch facilities.

For the **Branch Tile Facilities** and **Lateral Tile Facilities** of this District, we have established the interior drainage boundaries to the lands served and benefited by these facilities. The enclosed schedules with plats reflect the benefitted lands established for Branches A, B, C, D and E as well as Laterals A1, A1-1, A3, B1, B2, B2-1, C1, C2, and C3. Again, for each of these tile facilities we have apportioned an assumed dollar amount grouped together to the lands served by these facilities according to the relative percentage of benefit. The assessment schedules do not represent levies, but are intended to provide a basis upon which to spread levies, as required to cover future costs incurred by the Drainage District for each individual tile lateral and tile branch facility.

Schedules: The individual schedules are intended to list all parcels benefited by the district facility for which the schedule is prepared. For each parcel in the district, the schedules provide the following:

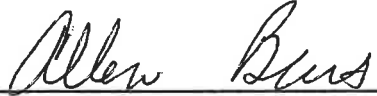

1. The names of the landowners thereof as shown on the transfer books in the Story and Marshall County Auditor's Offices;
2. The parcel descriptions and parcel numbers;
3. The number of benefited acres;
4. The classification or percentage of benefits derived relative to a 100% benefit assigned to the tract found to have the greatest benefit;
5. An apportionment of the project costs for Main Open Ditch and Main Tile Improvements and of the assumed dollar amount for the tile facilities according to our classification of the benefited lands.

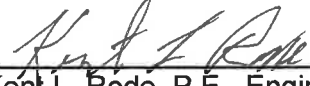

The schedules also show benefits to the Iowa Department of Transportation right-of-way, the Story and Marshall County's secondary road right-of-way and the right-of-way of the Chicago and Northwestern Railroad Company.

We recommend that this report containing eighteen (18) schedules be adopted.

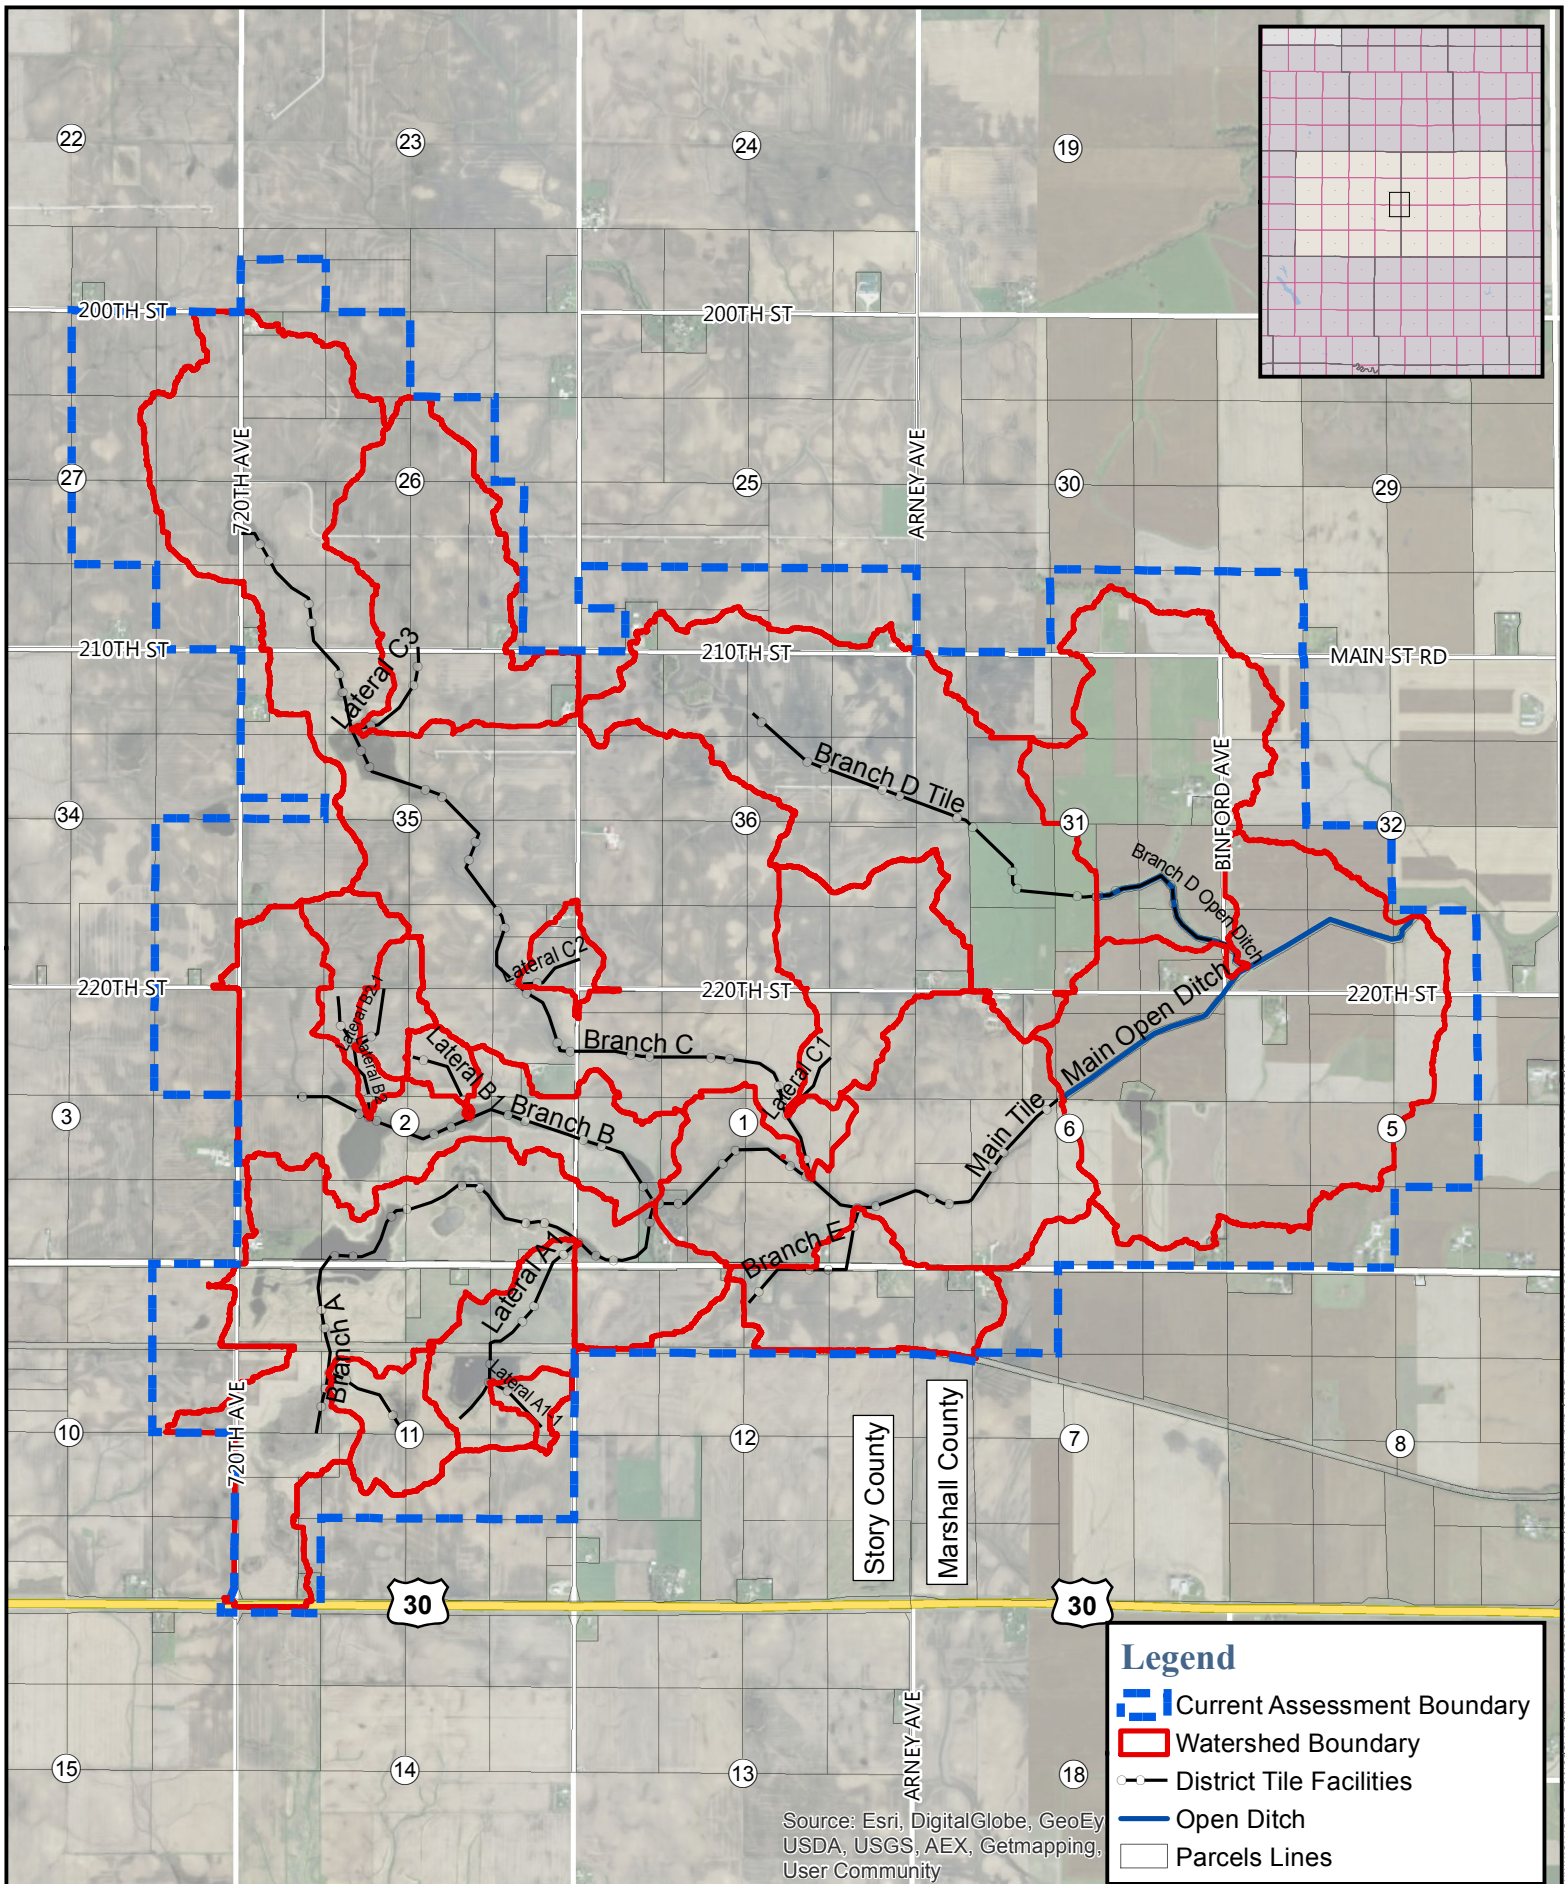

Respectfully submitted,

Dave Anderson, Story Co. Landowner

Allen Burt, Marshall Co. Landowner

Kent L. Rode, P.E., Engineer

Date

**Reclassification Report
Joint Drainage District No. 1
Story and Marshall Counties
2016**

Joint Drainage District No. 1 System Combined Benefits Assessment Schedule
It is intended that this schedule be used one time to pay all costs of the 2015 Improvements Project.
